FACTORY EQUIPMENT

COMPANY PROFILE

Xiamen Roiway Technology Co., Ltd. was established in 2013 and located in Xiamen city, the beautiful island. We have 200 employees and total plant area of 16000 square meters. Roiway specializes in production of high-grade regular faucets, thermostatic faucets, sensor faucet and other sanitary ware. We now has 3 factories including casting plant, mold fabrication plant and product assembly plant.

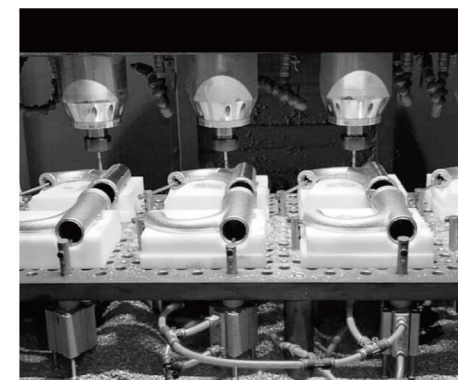

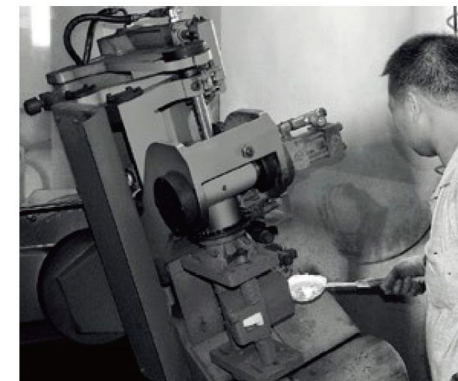

Guided by striving for perfection, we introduced a lot of advanced equipment, such as 30 CNC machines, 4 numerical control machines and 50 polishing machines. In terms of laboratory equipment, we have salt and mist testing machine, spectrometer, life testing machine and blasting machine, etc.

Roiway has an innovative and experienced R&D team and have obtained many patent certificates.

We also have our product certifications like NSF, UPC and AB1953.

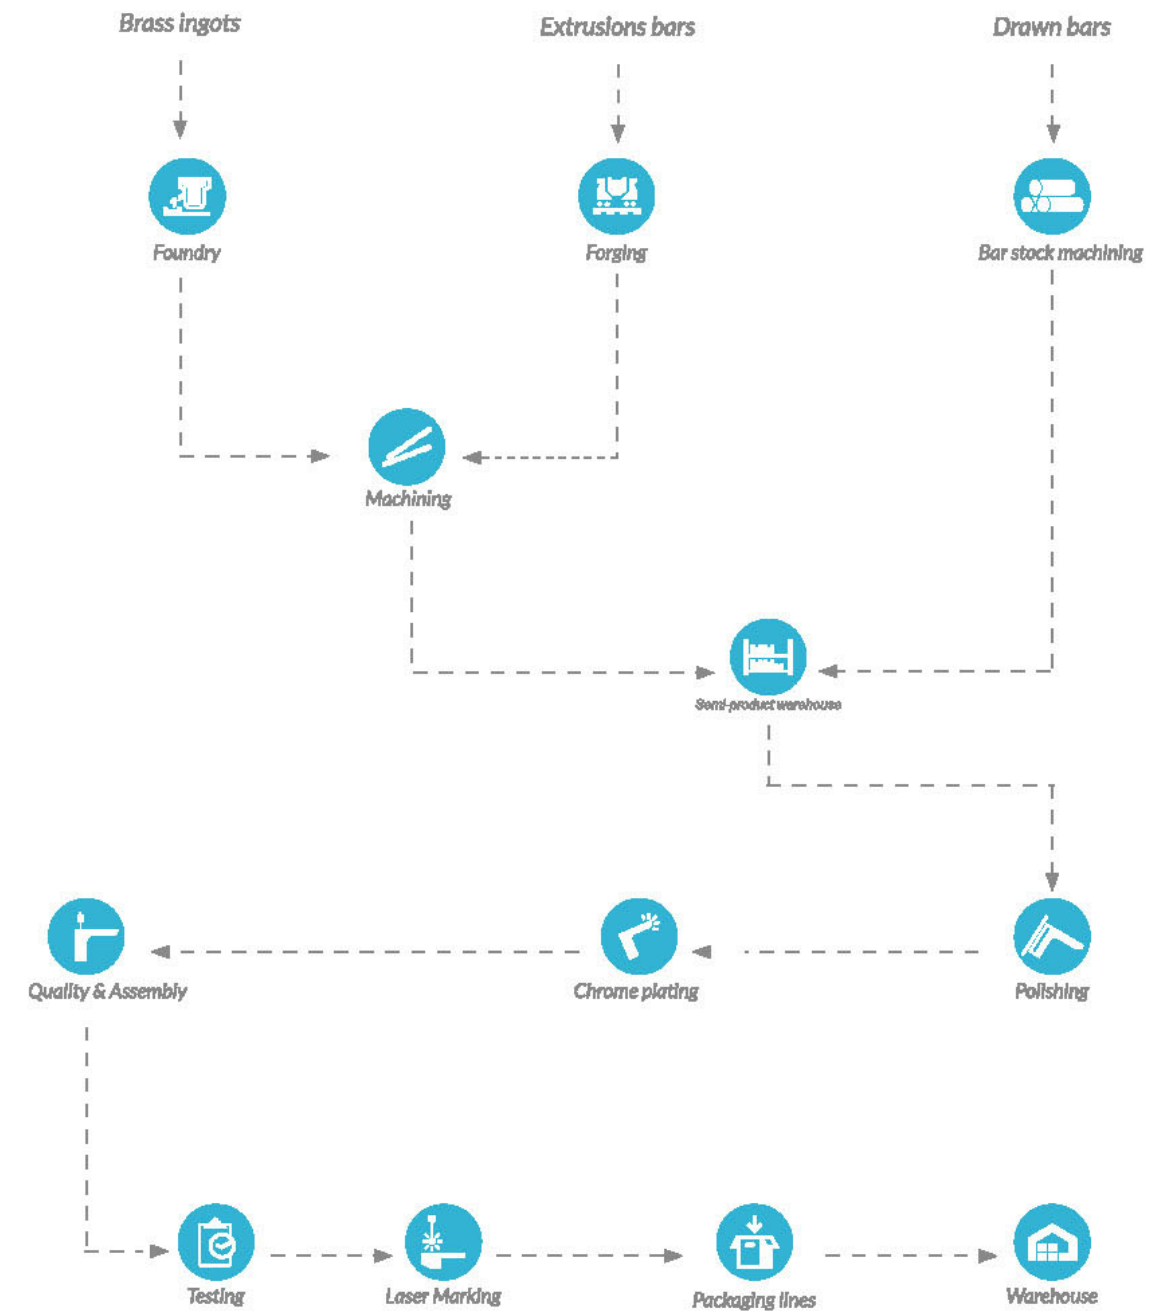

Innovation, quality and service, we won much famous global brand praise.

We are worthy of your trust.
